

An Anamorphic Mirror to Cut Out and Assemble

Name _____

You will need:

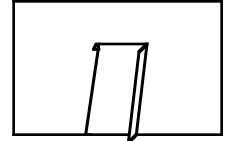

- 1 4" x 4" square, bendable mirror
- 1 copy of pull-tab pattern
- 2 pieces of double-sided tape
- scissors
- glue
- ruler
- ball-point pen

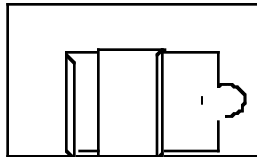

1 Cut on all solid lines. 

2 Crease and fold along dashed lines. 

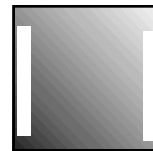

3 Fold and glue tab to make a loop.

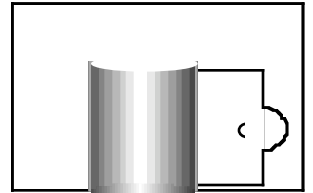

4 Slide pull-tab into loop.

5 Affix double-sided tape to mirror square.

6 Tape mirror to tabs.
